

Puppy Inquiry Application

Thank you for your interest in a Bluevale Meadows Australian Labradoodle. This form is simply the first step in getting to know you. It is *not* a commitment to purchase a puppy, nor does it place you on a reservation list. Your answers help us understand your home, lifestyle, and hopes so we can guide you toward the right fit.

Applicant Information

Full Name: _____

Full Address (street, town, and postal code):

This helps us understand your environment and ensure we're guiding you toward the right match.

Phone: _____ Email: _____

When are you hoping to bring a puppy home?

Have you read and understood our selection process (on our "How to Apply" page)?

Yes

Do you understand that this form is not a commitment, and that joining a reservation list only happens once both parties agree to move forward and a signed puppy contract and reservation fee are in place?

Yes

About You & Your Home

Who lives in your household?

(Please include ages of children, if any.)

Australian Labradoodles typically live 12–15 years, and many live well beyond that when their overall wellbeing is supported through veterinary care, balanced nutrition, and regular physical and mental enrichment. Because bringing a dog home is a long-term commitment, we ask all applicants to share their age so we can understand the full picture of your home and plan responsibly for the dog’s future.

Your age: _____

In the event of unexpected health changes, mobility limitations, or other life circumstances, do you have a plan for who would care for your dog?

Do you currently have any pets?

If yes, please tell me about them (species, breed, age, temperament).

Does anyone in your home have allergies to dogs?

Yes No

If yes, please describe:

Have you ever spoken with an allergist or done any testing to understand whether the allergy is related to dander, fur, or saliva?

(This helps me guide you toward the right match and set realistic expectations.)

Yes No Not Sure

If yes, please share anything you learned:

What is your home environment like?

(e.g. house, apartment, rural, suburban, fenced yard, etc.)

How active is your household?

(e.g., quiet, moderately active, busy, lots of visitors, etc.)

Past Dog Experience

Have you had dogs before?

Yes No

If yes, please tell me about them:

(breeds, ages, personalities, what you loved, and what was challenging)

What did you appreciate most about your previous dogs?

Were there any traits or behaviours that were difficult for your household?

Lifestyle & Expectations

What does a typical day look like in your home?

(Work schedules, time at home, routines, etc.)

How many hours would a puppy be left alone on a usual day?

Where will your puppy spend their time when you're not home?

(e.g., crate, gated area, puppy sitter, or puppy daycare, or able to come along with you)

What qualities are most important to you in a dog?

(e.g., temperament, energy level, size, gender)

What kind of activities do you hope to enjoy with your dog?
(e.g., walks, hiking, therapy work, family companion, etc.)

Are there any traits or behaviours you know would be difficult for your household?

Do you understand that temperament, not colour or gender, guides our matching process?

Yes

Preparation & Support

Have you used any training programs or classes in the past?

Yes No

If yes, what type?

We provide a complimentary first month of access to the Dunbar Puppy Training program for all our families. Are you planning to use this resource, or do you have another training approach in mind?

What is your experience with crate training or other safe-confinement setups (like ex-pens, crates, or gated areas)?

Grooming is an important part of life with an Australian Labradoodle. How do you plan to approach grooming — professional grooming, learning to groom at home, or a mix of both? (Professional grooming is typically every 4–6 weeks. Longer coats need regular brushing to avoid matting, and shorter coats often need more frequent trims because they grow quickly. Professional visits can be \$100+ each; at-home grooming requires an initial equipment investment and ongoing upkeep.)

Do you have a veterinarian or clinic you plan to use?

Have you checked whether they are accepting new clients or have a wait list?

- Yes No Not yet, but I will

(In recent years, many clinics have had limited availability, so it's helpful to confirm your veterinary plans early. Some families prefer locally owned practices for continuity of care and more consistent access, but the most important thing is choosing a clinic you trust and can rely on when needed.)

Have you looked into pet insurance or considered how you would handle unexpected veterinary expenses?

- Yes No Not yet, but I will

(Many families choose insurance because emergency care can be costly. We provide a complimentary first month of Trupanion coverage to help you get started if you'd like.)

Why an Australian Labradoodle?

Every family is drawn to this breed for different reasons. What qualities of the Australian Labradoodle feel like the right fit for you?

Puppy Preferences & Temperament Matching

We take temperament matching seriously and spend a great deal of time with each puppy to understand their individual personalities. While we absolutely consider your preferences, our goal is always to help guide you toward the puppy who will thrive best in your home and lifestyle.

Gender Preference

- Male Female No preference

Size Preference

- Mini (under 18", approx. 16–28 lbs) Medium (18–20", approx. 30–45 lbs)
 Large Medium / Small Standard (20–21", 45+ lbs) No preference

Colour Preference

Do you have a colour preference?

(We do our best to honour preferences, but we cannot guarantee which colours or genders will be born in a litter.)

How did you hear about Bluevale Meadows?

Submitting Your Application

Please return your completed application to [**khphoto@wightman.ca**](mailto:khphoto@wightman.ca).

Once we receive it, we'll follow up within **48 hours** with any additional questions and an update on current or upcoming availability. If you don't see a reply, please check your **spam/junk folder**, as emails sometimes land there.
